

Alexandra Park Primary School
Care, Aspire, Achieve

Friday 31st March 2023

Thank you to all the parents who could come in today. What a fantastic way to finish a half term! A huge thank you to Mrs Millward for organising the day and ensuring the day ran as smoothly as possible. Also, a big thank you to our Friends of Alexandra Park group and the parent volunteers who helped across the day - we really couldn't run events like today without your support! Please do not worry if you couldn't make it as across the school the children have been doing fun things all day!

I hope you and all the children have a great Easter.

Year 2

In Geography this week, Year 2 made their own balloon globes! We added the equator and then used an atlas to identify, label and locate the different continents and oceans, before adding them to our own model. We were really proud of the finished products and showed some brilliant collaboration in the process.

Science

This week in science, Year 2 have been learning about the life cycle of a chicken. As part of this work, the children observed chicks hatching from eggs and had the opportunity to stroke and hold the baby chicks.

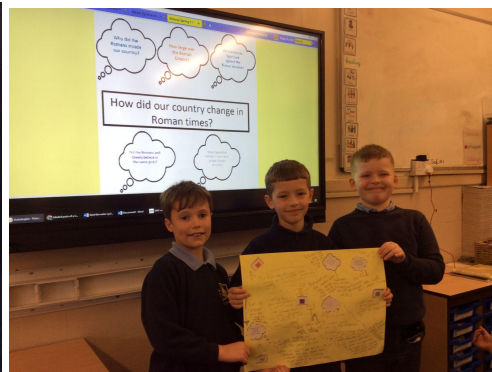

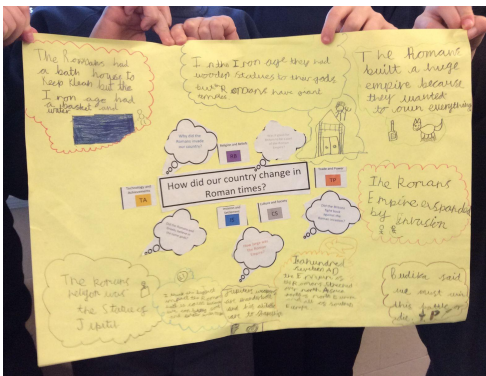

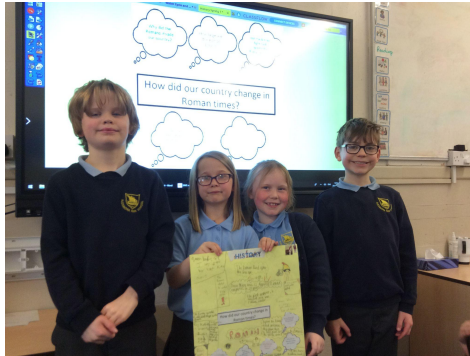

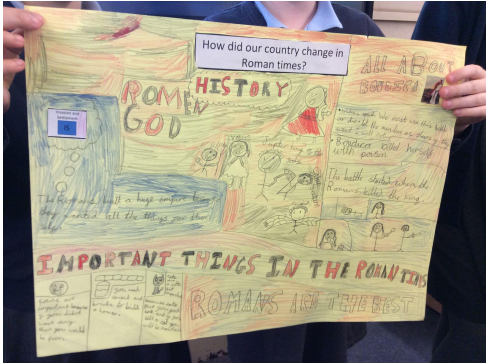

In Year 4, the children have been learning about the digestive system. This week the children modelled the digestive system and had a visit from the dental nurse to explain how important it is to keep our teeth healthy.

Year 4

This week we came to the end of our Romans unit of work. We worked in groups of four to plan and deliver a class presentation to answer our key question, *How did our country change in Roman times?*

Year 6

On Tuesday, Year 6 had the fantastic opportunity to take part in a workshop run by Stockport County where they practised their football skills. They also had a presentation from police Sgt Gareth Davies on antisocial behaviour where they learned all about what antisocial behaviour is, where it might be seen, and how to avoid it. The children had a brilliant morning, asking insightful questions and listening really well.

Important Dates

- Stay and Read for Reception, Year 1 and Year 2 children and parents will continue on Thursday mornings 8.40 to 9.10am
- School breaks up for half term on **Friday 31st March**
