Welcome to the AccessArt Progression Plan for Primary Art 2020

Covering:

- Generating Ideas
- Making
- Evaluation
- Knowledge & Understanding
- Assessment Questions

Find [further information relating to the AccessArt Progression Plan for Primary Art here.](#)

The plan has been created by Paula Briggs and Sheila Ceccarelli of AccessArt. We gratefully acknowledge the expertise of Susan Coles, Paul Carney and Mandy Barret. We also acknowledge that we have taken and built upon some of the end of year descriptors from the NSEAD Curriculum document 2014.

Early Years

Early Years

In the EYFS, through careful planning of provision children have the opportunity to develop a range of skills and explore a variety of media and materials. For example, the children will have the opportunity to develop their colour-mixing techniques to enable them to match the colours they see and want to represent, with step-by-step guidance when appropriate developing different techniques. Children will have the opportunity to work both collaboratively and independently to create their own ideas, selecting their own resources and materials. Children are encouraged to talk about their designs and creations. Children are encouraged to be proud of their work displaying their creations in the classroom and sharing ideas with each other.

Children in Reception will be learning to:

ELG

Physical Development

- Develop their small motor skills so that they can use a range of tools competently, safely and confidently.
- Use their core muscle strength to achieve a good posture when sitting at a table or sitting on the floor.
- Develop overall body-strength, balance, coordination and agility.

Expressive Arts and Design

- Explore, use and refine a variety of artistic effects to express their ideas and feelings.
- Return to and build on their previous learning, refining ideas and developing their ability to represent them.
- Create collaboratively, sharing ideas, resources and skills.

Physical Development - Fine Motor Skills

- Hold a pencil effectively in preparation for fluent writing - using the tripod grip in almost all cases.
- Use a range of small tools, including scissors, paintbrushes and cutlery.
- Begin to show accuracy and care when drawing

Expressive Arts and Design - Creating with materials

- Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.
- Share their creations, explaining the process they have used.

Year 1

Year 1 – Generating Ideas					By the end of Year 1 Children should be able to...
Generating Ideas	Through Sketchbooks		By Looking & Talking	By Playing	<p>Recognise that ideas can be generated through doing as well as thinking</p> <p>Recognise that ideas can be expressed through art</p> <p>Experiment with an open mind</p>
Teachers should:	Introduce “ sketchbook ” as being a place to record individual response to the world.		Enjoy looking at artwork made by artists, craftspeople, architects and designers , and finding elements which inspire .	Generate ideas through playful, hands-on, exploration of materials without being constricted towards a pre-defined outcome.	
Feel able to model sketchbook use alongside pupils (i.e. keep their own sketchbook)	Understand some of the activities which might take place in a sketchbook (e.g. drawing, cutting/sticking, collecting).		Be given time and space to engage with the physical world to stimulate a creative response (visiting, seeing, holding, hearing).		
Let pupils <i>discover and share</i> for themselves	Develop a “ sketchbook habit ”.		Develop questions to ask when looking at artworks and /or stimulus: <ul style="list-style-type: none"> Describe what you can see. Describe what you like? Why? How does it make you feel? What would you like to ask the artist? 		

Year 1 - Making					By the end of Year 1 Children should be able to...
Making Teachers should: Balance time in which you sensitively model a technique, with plenty of time for pupils to enjoy open-ended exploration, and project-based learning Have the confidence to celebrate places where pupils diverge from the task (as being signs that they are owning their	Drawing	Painting & Collage	Printmaking	3D	Try out a range of materials & processes and Recognise they have different qualities Explore materials in a playful and open-ended manner Use materials purposefully to achieve particular characteristics or qualities Be excited by the potential to create. Understand that art is different to many subjects at school: through art, they can invent and discover
	<p>Begin to explore a variety of drawing materials including pencil, graphite, pen, chalk, soft pastel, wax and charcoal. Please see curriculum planning art</p> <p>Explore mark making to start to build mark-making vocabulary e.g. drawing soft toys and drawing feathers</p> <p>Undertake projects which explore observational drawing (drawing what you see), to record what is seen, and also experimental drawing, to share what is felt. Please see observational and experimental drawing and making magic spells and Woodland Exploration</p> <p>Become familiar with 2 or more drawing exercises repeated over time to build skill. See Drawing Exercises at start here drawing</p>	<p>Recognise primary colours and use an experiential approach to simple colour mixing to discover secondary colours. e.g. exploring colour</p> <p>Benefit from experiences learnt through drawing (in column 1) (mark-making, observational drawing, experimental drawing) and apply these skills to painting and collage: e.g. mark making with acrylic paint and painting a rainbow-forest</p> <p>Enjoy discovering the interplay between materials for example wax and watercolour wax resist autumn leaves</p>	<p>Explore simple printmaking. For example using plasticine, found materials or quick print foam, plasticine printmaking or everyday printmaking</p> <p>Search out found objects to be used as tools to press into plasticine to create texture and to understand notions of positive and negative. Use rollers or the backs of spoon to create pressure to make a print.</p> <p>Explore pattern, line, shape and texture.</p>	<p>Explore, discover and invent ways for 2d to transform into 3d sculpture. This might be through creating drawings or prints on paper which are then folded, through collage which becomes relief, through 2d shapes which are cut out and constructed with. For example making birds</p> <p>Explore modelling materials such as Modroc, clay and plasticine in an open-ended manner, to discover what they might do. modroc plasterboard or making modroc sculpture</p> <p>Use basic tools to help deconstruct (scissors) and then construct (glue sticks).</p>	

Year 1 - Evaluating				By the end of Year 1 Children should be able to...
Evaluating Teachers should: Be aware of the importance of sensitively unearthing <i>intention</i> , which may not always be apparent in end result	As a Class	In Small Groups	One to One	Show interest in and describe what they think about the work of others Take pleasure in the work they have created and see that it gives other people pleasure Begin to take photographs and use digital media
	Enjoy listening to other peoples views about artwork made by others. Feel able to express and share an opinion about the artwork.	Share work to others in small groups, and listen to what they think about what you have made.	Talk to a peer or teacher about the artwork made and share what you have enjoyed during the process, and what you like about the end result.	

Year 1 – Knowledge & Understanding

By the end of Year 1
Children should be able to...

Knowledge & Understanding

Teachers should:

Recognise that in art, a more valuable and relevant learning experience comes from underpinning technical and formal knowledge with an experiential understanding about what it is to be a creative human.

Formal

Each child should know:

- How to recognise and describe some simple characteristics of different kinds of art, craft and design
- The names of tools, techniques and formal elements (in pink above and below)

Experiential

Each child should be given the opportunity to:

- Discover that art is subjective (we all have our own legitimate understanding)
- Begin to feel confident to express a preference in....
- Understand ideas can come through hands-on exploration
- Begin to build knowledge of what different materials and techniques can offer the creative individual
- Work at different scales, alone and in groups

Assessment Questions

Teachers should consider assessment as a holistic practice, which takes place during every art lesson through conversation with pupils:

- Tell me about what you are making
- What might you do next?
- Tell me about what you have made

Remember! “Creativity is a fragile process that is hard to measure and assess and should always be nurtured and supported”

Year 2

Year 2 – Generating Ideas

By the end of Year 2
Children should be able to...

Generating Ideas	Through Sketchbooks	By Looking & Talking	Through Making	<p>Recognise that ideas can be generated through doing as well as thinking</p> <p>Recognise that ideas can be expressed through art</p> <p>Experiment with an open mind</p> <p>Enjoy trying out different activities and make both informed, and intuitive choices about what to do next, letting practical experience feed ideas</p> <p>Use drawing to record and discover ideas and experiences</p>
	<p>Develop a “sketchbook habit”, using a sketchbook as a place to record individual response to the world.</p> <p>Begin to feel a sense of ownership about the sketchbook.</p> <p>Practice and develop sketchbook use, incorporating the following activities: drawing to discover, drawing to show you have seen, drawing to experiment, collecting, sticking, writing notes...</p>	<p>Enjoy looking at artwork made by artists, craftspeople, architects and designers, and finding elements which inspire.</p> <p>Look at a variety of types of source material and understand the differences: including images on screen, images in books and websites, art work in galleries and objects in museums.</p> <p>Be given time and space to engage with the physical world to stimulate a creative response (visiting, seeing, holding, hearing), including found and manmade objects.</p> <p>Develop questions to ask when looking at artworks and /or stimulus:</p> <ul style="list-style-type: none"> • Describe what you can see. • Describe what you like? Why? • How does it make you feel? • What would you like to ask the artist? 	<p>Generate ideas through exploration of materials, building an understanding of what each material can do, how it can be constructed, being open during the process to unexpected ideas.</p>	

Teachers should:

Feel able to model sketchbook use *alongside* pupils (i.e. keep their own sketchbook)

Let pupils *discover and share* for themselves

Year 2 Making

By the end of Year 2
Children should be able to...

Making

Teachers should:

Balance time in which you sensitively model a technique, with plenty of time for pupils to enjoy open-ended exploration, and project-based learning

Have the confidence to celebrate places where pupils diverge from the task (as being signs that they are owning their

Sketchbooks

Make simple sketchbooks as a way to create **ownership** from offset [making elastic band sketchbooks](#)

Explore how to create **space and places** within the sketchbook to help develop **sketchbook approach** to include **collecting**, making drawings on different **surfaces**, and on different **shapes** of paper. [taking ownership of sketchbooks](#)

Continue to familiarize with **sketchbook / drawing exercises**. Let children describe how to undertake the ones they know as means of recap/reminder and introduce new ones. [drawing exercises](#)

Drawing

Develop **mark-making** skills through **experimentation** with various **drawing media**: pencil, graphite, chalk, soft pastel, wax and charcoal. [Guide to drawing materials](#)

Explore a variety of **drawing starting points** (stimuli), including **close looking** via **observation from primary & secondary source material**, **drawing from memory** and **imagination**. These might include **figurative**, **still life** and **landscape** [subject matter for drawings](#)

Use drawings as basis for **collage** [minibeast project](#)

Painting

Continue to mix colours experientially (i.e. encourage pupils to “**try and see**”)

Revisit **colour mixing** and understand **relationships** of **primary and secondary colours** and apply colour mixing skills to a project e.g [Inspired!](#) and [exploring colour and paint!](#)

Explore painting on different **surfaces**, such as **fabric** and **different scales** [dressing up as fossils](#)

Use new colour mixing knowledge and transfer it to other media, e.g. **soft pastel** [colour mixing in drawing project](#) or **plasticine** [painting with plasticine](#)

Printmaking & Collage

Explore simple **mono printing** techniques using **carbon paper**, using **observational drawing skills** and **mark making skills** explored through drawing (column 2), and colour mixing skills (column 3) e.g. [Monoprinting with oil pastel](#)

3D, Architecture & Digital Media

Explore how **2d** can become **3d** though “**design through making**”. Pls see [design in the national curriculum](#)

Cut simple shapes from **card** and use them to **construct architectural forms**. Use **drawn**, **collaged** and **printed elements** as **surface decoration** for the **architectural maquettes**. [be an architect](#)

Use **digital media** (**film and still photos**) to **create records** of **models** made, including **walk-through videos** of the **inside** of the **architectural spaces**

Try out a range of materials & processes and Recognise they have different qualities

Use materials purposefully to achieve particular characteristics or qualities

Be excited by the potential to create.

Understand that art is different to many subjects at school: through art, they can invent and discover

Deliberately choose to use particular techniques for a given purpose

Develop and exercise some care and control over the range of materials they use

Year 2 - Evaluating

By the end of Year 2
Children should be able to...

Evaluating

Teachers should:

Be aware of the importance of sensitively unearthing *intention*, which may not always be apparent in end result

As a Class

Enjoy listening to other peoples **views** about **artwork made by others**.

Feel able to express and share an **opinion** about the artwork.

In Small Groups

Share work to others in small groups, and listen to what they think about what you have made.

Take **photos** of work made so that a **record** can be kept, to be added to a **digital folder/presentation** to capture progression. Use documenting the artwork as an opportunity for **discussion** about how to **present work**, and a chance for pupils to use **digital media**.

One to One

Talk to a peer or teacher about the artwork made and **share** what you have **enjoyed** during the **process**, and what you like about the **end result**.

Show interest in and describe what they think about the work of others

Take pleasure in the work they have created and see that it gives other people pleasure

Understand how evaluating creative work *during* the process, as well as at the end, helps feed the process.

Begin to take photographs and use digital media as a way to re-see work

When looking at creative work express clear preferences and give some reasons

Knowledge & Understanding

Teachers should:

Recognise that in art, a more valuable and relevant learning experience comes from underpinning technical and formal knowledge with an experiential understanding about what it is to be a creative human.

Formal

Each child should:

- Know how to Recognise and describe some simple characteristics of different kinds of art, craft and design
- Know the names of tools, techniques and formal elements (in pink above and below)
- Know that different forms of creative works are made by artists, craftspeople, and designers from all cultures and times, for different purposes
- Be able to talk about the materials, techniques and processes they have used, using an appropriate vocabulary

Experiential

Each child should be given the opportunity to:

- Discover that art is subjective (we all have our own legitimate understanding)
- Begin to feel confident to express a preference in....
- Experience the connection between brain, hand and eye
- Understand ideas can come through hands-on exploration
- Begin to build knowledge of what different materials and techniques can offer the creative individual
- Work at different scales, alone and in groups

Assessment Questions

Teachers should consider assessment as a holistic practice, which takes place during every art lesson through conversation with pupils:

- Tell me about that you are making
- What might you do next?
- Which materials might you use?
- What have you discovered?
- Tell me about what you have made
- What would you like to explore more of?

Remember! “Creativity is a fragile process that is hard to measure and assess and should always be nurtured and supported”

Year 3

Year 3- Generating Ideas

By the end of Year 3
Children should be able
to...

Generating Ideas

Teachers should:

Feel able to
model
sketchbook use
alongside
pupils (i.e. keep
their own
sketchbook)

Let pupils
discover and
share for
themselves

Enable pupils to
build
confidence in
their own ideas

Through Sketchbooks

Continue to develop a “**sketchbook habit**”, using a sketchbook as a place to record individual response to the world.

Begin to feel a **sense of ownership** about the sketchbook, which means allowing every child to work at **own pace**, **following own exploration**

Practice and develop sketchbook use, incorporating the following activities: **drawing to discover**, **drawing to show** you have seen, **drawing to experiment**, **exploring colour**, **exploring paint**, **testing ideas**, **collecting**, **sticking**, **writing notes**, **looking back**, **thinking forwards** and **around...**

By Looking & Talking

Enjoy looking at **artwork** made **by artists**, **craftspeople**, **architects** and **designers**.

Discuss artist’s **intention** and **reflect upon** your response.

Look at **artforms** beyond the visual arts: **literature**, **drama**, **music**, **film** etc and **explore** how they **relate** to your **visual art form**.

Look at a variety of types of **source material** and understand the differences.

Be given **time and space** to engage with the **physical world** to stimulate a **creative response** (visiting, seeing, holding, hearing), **including found** and **manmade objects**.

Develop questions to ask when looking at artworks and /or stimulus:

- **Describe what you see**
- **What do you like/dislike? Why**
- **What is the artist saying to us in this artwork?**
- **How does it make you feel?**
- **How might it inspire you in making your own art?**

Through Making

Use growing knowledge of how **materials** and **medium act**, to help **develop ideas**. Continue to **generate ideas** through **space for playful making**.

Explore how ideas translate and develop through **different medium** (i.e. a drawing in pencil or a drawing in charcoal).

Digital Media

Use **digital media** to **identify and research artists**, **craftspeople**, **architects** and **designers**.

Gather and review information from different sources (primary and secondary), references and resources related to their ideas and intentions

Use a sketchbook for different purposes, including recording observations, planning and shaping ideas

Year 3 - Making

By the end of Year 3
Children should be able
to...

Making

Teachers should:

Balance time in which you sensitively model a technique, with plenty of time for pupils to enjoy open-ended exploration, and project-based learning

Have the confidence to celebrate places where pupils diverge from the task (as being signs that they are

Drawing	Drawing, Painting & Collage	3D	Digital & Animation
<p>Practice observational drawing from the figure, exploring careful looking, intention, seeing big shapes, drawing with gesture, and quick sketching, e.g. Using gesture in drawing</p> <p>Using observational drawing as a starting point, fed by imagination, design typography, e.g. Typography for children</p> <p>Continue to familiarize with sketchbook / drawing exercises. Let children describe how to undertake the ones they know as means of recap/reminder and introduce new ones, which are practiced regularly. Drawing exercises</p>	<p>Make larger scale drawing from observation and imagination, e.g. Cheerful-orchestra drawing project. Apply and build upon colour mixing and mark-making skills previously learnt, thinking about how certain colour ranges/combinations affect the outcome, e.g. Stencils composition and mark making and Exploring colour</p> <p>Explore painting on new surfaces using colour as decoration e.g. Paint clay tiles</p>	<p>Make an armature from paper and tape and use as the basis to explore modelling with Modroc to make sculpture, e.g. Roald Dahl and Quentin Blake sculpture resource</p> <p>Explore a simple clay technique such as making slab pieces, and decorate them relief patterns based upon observational drawing skills, e.g. Clay fruit tiles</p> <p>Explore how combinations of materials such as wire, paper, fabric, string, card can be transformed into sculpture, discovering how best to manipulate them (cut, tear, bend, fold) and fasten them together (tie, bind, stick). Drawing and making flowers</p>	<p>Building on mark-making and observational skills, make drawings of animals, people and vehicles Use scissors to dissect the and reconstruct them into drawings that move, e.g. Making moving drawings</p> <p>Use digital media to make animations from the drawings that move Animating articulated beasts</p>

Develop practical skills by experimenting with and testing the qualities of a range of materials and techniques

Select and use appropriately a variety of materials and techniques in order to create their own work.

Be excited by the potential to create and feel empowered to begin to undertake their own exploration

Year 3 - Evaluating			By the end of Year 3 Children should be able to...
Evaluating Teachers should: Be aware of the importance of sensitively unearthing <i>intention</i> , which may not always be apparent in end result Ensure evaluation activities take place throughout projects, rather than just at the end, so that they benefit and shape the creative process	As a Class	In Small Groups	One to One
	Enjoy listening to other peoples views about artwork made by others . Feel able to express and share an opinion about the artwork. Think about why the work was made , as well as how .	Share work to others in small groups, and listen to what they think about what you have made. Make suggestions about other people’s work, using things you have seen or experienced yourself. Take photos of work made so that a record can be kept, to be added to a digital folder/presentation to capture progression. Use documenting the artwork as an opportunity for discussion about how to present work , and a chance for pupils to use digital media .	Talk to a peer or teacher about the artwork made and share what you have enjoyed during the process , and what you like about the end result . Discuss problems which came up and how they were solved . Think about what you might try next time.
			Take pleasure in the work they have created and see that it gives other people pleasure Take the time to reflect upon what they like and dislike about their work in order to improve it Understand how evaluating creative work <i>during</i> the process, as well as at the end, helps feed the process. Take photographs and videos and use digital media as a way to re-see work

Year 3 – Knowledge & Understanding

By the end of Year 3
Children should be able
to...

Knowledge & Understanding

Teachers should:

Recognise that in art, a more valuable and relevant learning experience comes from underpinning technical and formal knowledge with an experiential understanding about what it is to be a creative human.

Formal

Each child should:

- Know the names of tools, techniques and formal elements (in pink above and below)
- Know that different forms of creative works are made by artists, craftspeople, and designers from all cultures and times, for different purposes. Be able to know and describe the work of some artists, craftspeople, architects and designers, including artists who are contemporary, female, and from various ethnicities
- Be able to talk about the materials, techniques and processes they have used, using an appropriate vocabulary
- Be able to demonstrate how to safely use some of the tools and techniques they have chose to work with

Experiential

Each child should be given the opportunity to:

- Discover that art is subjective (we all have our own legitimate understanding)
- Experience the connection between brain, hand and eye
- Understand ideas can come through hands-on exploration
- Develop their knowledge of what different materials and techniques can offer the creative individual
- Work at different scales, alone and in groups
- Feel safe enough to take creative risks and follow their intuition (fed with skills knowledge)
- Share their journey and outcomes with others. Feel celebrated and feel able to celebrate others

Assessment Questions

Teachers should consider assessment as a holistic practice, which takes place during every art lesson through conversation with pupils:

- Tell me about that you are making and what inspired you
- What might you do next?
- Tell me about the materials and techniques you are using
- What have you discovered?
- How do you feel about the end result?
- What kinds of problems did you encounter and how did you get round them?
- Tell me about things you really liked or enjoyed
- What would you like to explore more of?

Remember! “Creativity is a fragile process that is hard to measure and assess and should always be nurtured and supported”

Year 4

Year 4 – Generating Ideas

By the end of Year 4
Children should be able
to...

Generating Ideas

Teachers
should:

Feel able to
model
sketchbook use
alongside
pupils (i.e. keep
their own
sketchbook)

Let pupils
discover and
share for
themselves

Enable pupils to
build
confidence in
their own ideas

Through Sketchbooks

Continue to develop a
“**sketchbook habit**”, using a
sketchbook as a place to
record individual response
to the world.

Begin to feel a **sense of
ownership** about the
sketchbook, which means
allowing every child to work
at **own pace**, **following own
exploration**

Practice and develop
sketchbook use,
incorporating the following
activities: **drawing to
discover**, **drawing to show
you have seen**, **drawing to
experiment**, **exploring
colour**, **exploring paint**,
testing ideas, **collecting**,
sticking, **writing notes**,
looking back, **thinking
forwards and around**,
reflecting, **making links...**

By Looking & Talking

Enjoy looking at **artwork** made **by artists, craftspeople,
architects** and **designers**.

Discuss artist’s intention and **reflect upon your response**.

Look at **artforms** beyond the visual arts: **literature, drama,
music, film** etc and **explore** how they **relate** to your **visual
art form**.

Look at a variety of types of **source material** and
understand the differences.

Be given **time and space** to engage with the **physical
world** to stimulate a **creative response** (visiting, seeing,
holding, hearing), **including found** and **manmade objects**.

Develop questions to ask when looking at artworks and
/or stimulus:

- **Describe the artwork.**
- **What do you like/dislike? Why?**
- **Which other senses can you bring to this artwork?**
- **What is the artist saying to us in this artwork?**
- **How might it inspire you to make your own artwork?**
- **If you could take this art work home, where would you
put it and why?**

Take part in small scale **crits** throughout so that
brainstorming becomes part of the **creative process**.

Through Making

Use growing
knowledge of
how **materials
and medium
act**, to help
develop ideas.
Continue to
**generate ideas
through space
for playful
making**.

**Explore how
ideas translate
and develop
through
different
medium** (i.e. a
drawing in
pencil or a
drawing in
charcoal).

Digital Media

Use **digital
media** to
**identify and
research
artists,
craftspeople,
architects** and
designers.

Use sketchbooks and drawing
to purposefully improve
understanding, inform ideas
and explore potential

Understand sketchbooks are
places to explore personal
creativity, and as such they
should be experimental,
imperfect, ask questions,
demonstrate inquisitive
exploration

Use sketchbooks, together with
other resources, to understand
how inspiration can come from
many rich and personal
sources to feed into creative
projects

Year 4 - Making

By the end of Year 4
Children should be able
to...

Making

Teachers should:

Balance time in which you sensitively model a technique, with plenty of time for pupils to enjoy open-ended exploration, and project-based learning

Have the confidence to celebrate places where pupils diverge from the task (as being signs that they are

Drawing & Printmaking

Continue to familiarize with **sketchbook / drawing exercises**. Let children describe how to undertake the ones they know as means of recap/reminder and introduce new ones, which are practiced regularly. [Start here drawing](#)
Apply these skills to a **variety of media**, exploring outcomes in an **open-ended** manner throughout the other projects described here.

Use growing **technical skill** and **knowledge of different drawing materials**, combined with increasing **confidence** in making a **creative response** to a wide range of **stimuli**, to explore more **experimental drawing**, following child's own **interests/affinities**. Please see [Teaching for the journey](#)

Layering of media, mixing of drawing media, e.g. [Wax resist with coloured inks](#)

Painting/Collage/Sketchbooks

Create a one-off **project sketchbook** which can inform future sketchbook practice, consolidating old skills and introducing new skills (including: **creating spaces and places in sketchbook to help creative thinking, exploring and revealing own creative journey from a shared starting point**). [Taking ownership of your sketchbook](#)

Combine artforms such as **collage, painting and printmaking in mixed media projects** e.g. [Screenprinting inspired by matisse](#)

Sculpture

Work with a **modelling material** (**clay or plasticine**) to create quick **3d figurative sketches** from **life** or **imagination**. Combine with developing **visual literacy skills** so that the 3d sketches explore how we **read** and **communicate emotion and idea**, e.g. [Quick clay figurative sketches](#)

Develop **visual literacy skills** and discover how **context** and **intention** can change the **meaning of objects**, e.g. [Making a pocket-gallery](#)

Construct with a variety of **materials** (**wool, string, twigs, found objects, paper** etc.) exploring how to bring **different media** together, both **technically and visually**, e.g. [Building nests](#)

Design

Develop **design through making** skills and **collaborative** working skills through **fashion design**. Explore **paper and card manipulation** skills to build **3d forms**.

[Manipulating paper](#) and [Pin and paper fashion](#) and [Barbie and Ken transformation/](#) and [Paperback figures](#)

Extend into an exploration of **fabric, deconstructing** old clothes and **reconstructing elements** into new items. e.g. [Psyches inspired dress](#)

Investigate the nature and qualities of different materials and processes

Apply technical skills to improve quality of work, combined with beginning to listen and trust “instinct” to help make choices

Be excited by the potential to create and feel empowered to undertake their own exploration

Year 4 – Evaluating				By the end of Year 4 Children should be able to...
Evaluating	As a Class	In Small Groups	One to One	Reflect regularly upon their work, throughout the creative process Look to the work of others (pupils and artists) to identify how to feed their own work Take photographs and videos and use digital media as a way to re-see work
<p>Teachers should:</p> <p>Be aware of the importance of sensitively unearthing <i>intention</i>, which may not always be apparent in end result</p> <p>Ensure evaluation activities take place throughout projects, rather than just at the end, so that they benefit and shape the creative process</p>	<p>Enjoy listening to other peoples views about artwork made by others.</p> <p>Feel able to express and share an opinion about the artwork.</p> <p>Think about why the work was made, as well as how.</p>	<p>Share work to others in small groups, and listen to what they think about what you have made.</p> <p>Make suggestions about other people’s work, using things you have seen or experienced yourself.</p> <p>Take photos of work made so that a record can be kept, to be added to a digital folder/presentation to capture progression. Use documenting the artwork as an opportunity for discussion about how to present work, and a chance for pupils to use digital media.</p>	<p>Talk to a peer or teacher about the artwork made and share what you have enjoyed during the process, and what you like about the end result. Discuss problems which came up and how they were solved. Think about what you might try next time.</p>	

	Year 4 – Knowledge & Understanding		By the end of Year 4 Children should be able to...
Knowledge & Understanding Teachers should: Recognise that in art, a more valuable and relevant learning experience comes from underpinning technical and formal knowledge with an experiential understanding about what it is to be a creative human.	Formal	Experiential	
	<p>Each child should:</p> <ul style="list-style-type: none">• Know the names of tools, techniques and formal elements (in pink above and below)• Know about and describe some of the key ideas, techniques and working practices of a variety of artists, craftspeople, architects and designers from all cultures and times, for different purposes. Feel celebrated and feel able to celebrate others	

Assessment Questions

Teachers should consider assessment as a holistic practice, which takes place during every art lesson through conversation with pupils:

- Tell me about that you are making and what inspired you
- What might you do next?
- Tell me about the materials and techniques you are using
- What have you discovered?
- How do you feel about the end result?
- What kinds of problems did you encounter and how did you get round them?
- Tell me about things you really liked or enjoyed
- What would you like to explore more of?

Remember! “Creativity is a fragile process that is hard to measure and assess and should always be nurtured and supported”

Year 5

Year 5 – Generating Ideas					By the end of Year 5 Children should be able to...
Generating Ideas	Through Sketchbooks	By Looking & Talking	Through Making	Digital Media	
Teachers should: Feel able to model sketchbook use alongside pupils (i.e. keep their own sketchbook) Let pupils discover and share for themselves Enable pupils to build confidence in their own ideas	Continue to develop a “ sketchbook habit ”, using a sketchbook as a place to record individual response to the world.	Enjoy looking at artwork made by artists, craftspeople, architects and designers. Discuss artist’s intention and reflect upon your response.	Use growing knowledge of how materials and medium act, to help develop ideas. Continue to generate ideas through space for playful making.	Use digital media to identify and research artists, craftspeople, architects and designers.	Engage in open-ended research and exploration to initiate and develop personal ideas
	Begin to feel a sense of ownership about the sketchbook, which means allowing every child to work at own pace , following own exploration.	Look at artforms beyond the visual arts: literature, drama, music, film etc and explore how they relate to your visual art form .	Continue to generate ideas through space for playful making.	Use camera phones (still and video) to help “see” and “collect” (digital sketchbook) .	Confidently use sketchbooks for a variety of purposes including recording observations, developing ideas, testing materials, planning and recording information
	Increasingly see the sketchbook as a place which raises questions which can be explored/answered outside the sketchbook , so that the link between sketchbook and journey and outcome becomes understood.	Look at a variety of types of source material and understand the differences. Be given time and space to engage with the physical world to stimulate a creative response (visiting, seeing, holding, hearing), including found and manmade objects. Develop questions to ask when looking at artworks and /or stimulus: <ul style="list-style-type: none">Describe the artwork.What do you like/dislike? Why?Which other senses might you bring to this artwork? How does it make you feel?What is the artist saying to us in this artwork?How might it inspire you to make your own artwork?Who or what else might you look at to help feed your creativity?	Explore how ideas translate and develop through different medium (i.e. a drawing in pencil or a drawing in charcoal).		Understand sketchbooks are places to explore personal creativity, and as such they should be experimental, imperfect, ask questions, demonstrate inquisitive exploration
	Practice and develop sketchbook use, incorporating the following activities: drawing to discover, drawing to show you have seen, drawing to experiment, exploring colour, exploring paint, testing ideas, collecting, sticking, writing notes, looking back, thinking forwards and around, reflecting, making links...	Take part in small scale crits throughout so that brainstorming becomes part of the creative process .			

Year 5 - Making

By the end of Year 5
Children should be able to...

Making	Architecture & Making	Drawing, Making, Colour	Design & Making	
<p>Teachers should:</p> <p>Balance time in which you sensitively model a technique, with plenty of time for pupils to enjoy open-ended exploration, and project-based learning</p> <p>Have the confidence to celebrate places where pupils diverge from the task (as being signs that they are owning their learning)</p>	<p>Explore architecture of another time and / or culture, and make individual work in response to what is seen. Enable evolution of ideas through a combination of design through making and drawn inspiration. E.g. Architecture and mark making</p> <p>Develop visual literacy skills: explore how we look at and respond to things people have made, and then include this awareness when making sculpture e.g. Inspired by anglo saxon houses</p>	<p>Continue with the key drawing exercises Drawing exercises</p> <p>Explore the relationship of line, form and colour.</p> <p>Follow a series of guided activities which each offer pupils an opportunity to make their own individual creative response. e.g. Inspired by Miro and Building a communal drawing</p> <p>Explore sculptural ideas of balance (physical and aesthetic) and creative risk taking and play, e.g. Making sculpture and drawing</p>	<p>Explore relationship between sculpture and design through a sketchbook project which takes film/literature/drama as its starting point and facilitates an open-ended sculptural exploration, with children working at their own pace and following their own journey e.g. Developing sketchbook work</p> <p>Enable sketchbook work above to evolve and inform into a sculpture project. Combine and construct with a variety of materials, including modelling and paint, e.g. Supersized jewellery and Fabulous-fish</p> <p>Explore scaling up drawings, bringing in all mark-making skills previously learnt, and using technique to provide opportunity to transform original, e.g. Flat yet sculptural drawing</p> <p>Paint on new surfaces (e.g. stone, fabric, walls, floors and work collaboratively to produce images in new contexts, e.g. Communal summer picnic drawing or Treasured fossils</p>	<p>Confidently investigate and explore new materials, beginning to lead their own search for new experiences</p> <p>Use acquired technical expertise, combined with beginning to listen and trust “instinct” to help make choices, to make work which effectively reflects ideas and intentions</p> <p>Feel safe enough to take creative risks</p>

Year 5 - Evaluating				By the end of Year 5 Children should be able to...
Evaluating Teachers should: Be aware of the importance of sensitively unearthing <i>intention</i> , which may not always be apparent in end result Ensure evaluation activities take place throughout projects, rather than just at the end, so that they benefit and shape the creative process	As a Class	In Small Groups	One to One	Regularly analyze and reflect upon progress taking into account of intention Look to the work of others (pupils and artists) to identify how to feed their own work Take photographs and videos and use digital media as a way to re-see work
	Feel able to express and share an opinion about the artwork.	Share work to others in small groups, and listen to what they think about what you have made.	Talk to a peer or teacher about the artwork made and share what you have enjoyed during the process, and what you like about the end result. Discuss problems which came up and how they were solved. Think about what you might try next time.	
	Discuss why the work was made, as well as how.	Make suggestions about other people's work, using things you have seen or experienced yourself.	Share how other artists/artwork inspired you and how your work fits into larger context.	
	Share your response to the artwork.	Take photos of work made so that a record can be kept, to be added to a digital folder/presentation to capture progression. Use documenting the artwork as an opportunity for discussion about how to present work, and a chance for pupils to use digital media		
	Ask questions about process, technique, idea or outcome.	Present work in retrospect, i.e. to class, assembly or parents.		

Year 5 – Knowledge & Understanding

By the end of Year 5
Children should be able to...

Knowledge & Understanding	Formal	Experiential
	<p>Each child should:</p> <ul style="list-style-type: none">• Know the names of tools, techniques and formal elements (in pink above and below)• Research and discuss ideas and approaches of range of artists, craftspeople, architects and designers from all cultures and times, for different purposes. Be able to know and describe the work of some artists, craftspeople, architects and designers, including artists who are contemporary, female, and from various ethnicities• Be able to talk about the materials, techniques and processes they have used, using an appropriate vocabulary. Describe processes used and how they hope to achieve high quality outcomes• Be able to demonstrate how to safely use some of the tools and techniques they have chose to work with	<p>Each child should be given the opportunity to:</p> <ul style="list-style-type: none">• Discover that art is subjective (we all have our own legitimate understanding)• Experience the connection between brain, hand and eye• Understand ideas can come through hands-on exploration• Develop their knowledge of what different materials and techniques can offer the creative individual• Work at different scales, alone and in groups• Feel safe to take creative risks and follow their intuition (fed with skills knowledge) and define their own creative journey• Share their journey and outcomes with others. Feel celebrated and feel able to celebrate others

Teachers should:

Recognise that in art, a more valuable and relevant learning experience comes from underpinning technical and formal knowledge with an experiential understanding about what it is to be a creative human.

Assessment Questions

Teachers should consider assessment as a holistic practice, which takes place during every art lesson through conversation with pupils:

- Tell me about that you are making and what inspired you
- What might you do next?
- Tell me about the materials and techniques you are using
- What have you discovered?
- How do you feel about the end result?
- What kinds of problems did you encounter and how did you get round them?
- Tell me about things you really liked or enjoyed
- What would you like to explore more of?
- What is the potential of what you have done? What could you do next?

Remember! “Creativity is a fragile process that is hard to measure and assess and should always be nurtured and supported”

Year 6

Year 6 – Generating Ideas

By the end of Year 6 Children should be able to...

Generating Ideas	Through Sketchbooks	By Looking & Talking	Through Making	Digital Media	Independently develop a range of ideas which show curiosity, imagination and originality
<p>Teachers should:</p> <p>Feel able to model sketchbook use <i>alongside</i> pupils (i.e. keep their own sketchbook)</p> <p>Let pupils <i>discover and share</i> for themselves</p> <p>Enable pupils to build confidence in their own ideas</p>	<p>Continue to develop a “sketchbook habit”, using a sketchbook as a place to record individual response to the world. Begin to feel a sense of ownership about the sketchbook, which means allowing every child to work at own pace, following own exploration.</p> <p>Increasingly see the sketchbook as a place which raises questions which can be explored/answered outside the sketchbook, so that the link between sketchbook and journey and outcome becomes understood.</p> <p>Practice and develop sketchbook use, incorporating the following activities: drawing to discover, drawing to show you have seen, drawing to experiment, exploring colour, exploring paint, testing ideas, collecting, sticking, writing notes, looking back, thinking forwards and around, reflecting, making links...</p>	<p>Enjoy looking at artwork made by artists, craftspeople, architects and designers. Discuss artist’s intention and reflect upon your response.
