- Ensure that teachers monitor and review the pupil's progress during the course of the academic year.
- Cooperate with local authorities during annual EHC plan reviews.

- Regularly and carefully review the quality of teaching for pupils at risk of underachievement, as a core part of the school's performance management arrangements.
- Ensuring that teachers understand the strategies to identify and support vulnerable pupils and possess knowledge of all four areas of SEND.

The SEND lead must:

- Be a qualified teacher.

- Set high expectations for every pupil and aim to teach them the full curriculum, whatever their prior attainment.
- Use appropriate assessment to set targets which are deliberately ambitious.
- Plan lessons to address potential areas of difficulty and to ensure that there are no barriers to every pupil achieving.

6. Involving pupils and parents in decision making.

Effective planning should help parents/carers, children and young people with SEND express their needs, wishes and goals, and should:

- Focus on the child or young person as an individual, not their SEND label.
- Be easy for children, young people and their parents/carers to understand and use clear ordinary language and images, rather than professional jargon.
- Highlight the child or young person's strengths and capacities.
- Enable the child or young person, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in future
- Tailor support to the needs of the individual.
- Organise assessments to minimise demands on families.
- Bring together relevant professionals to discuss and agree together the overall approach.

7. Joint commissioning, planning, and delivery.

Alexandra Park Primary school will collaborate with the local authority in the exercise of its duty to work together with health and social care providers by:

- Identifying improved system outcomes in consultation with pupils and their parents/carers, taking into account:
- Prevention.
- Early identification / recognition.
- How pupils and their families will be able to access services
- How transitions between life stages and settings will be managed, including from early years to primary education, primary to secondary, and secondary to further education (FE)
- How provision and support services will enable pupils to prepare for their future adult life.

Draw on the wide range of local data-sets about the likely education needs of children and young people with SEND to forecast future need, including:

- Population and demographic data
- Prevalence data for different kinds of SEN and disabilities among children and young people at national level
- Numbers of local children with EHC plans and their main needs
- The numbers and types of settings locally that work with or educate children with SEN and disability
- An analysis of local challenges / sources of health inequalities.

Plan, deliver and monitor services against how well outcomes have been met, including, but not limited to:

- Improved educational progress and outcomes for children and young people with SEND
- Increasing the proportion of children with SEND whose needs are identified before school entry.

8. Funding

Alexandra Park Primary School will allocate the appropriate amount of core per-pupil funding and notional budget outlined in the local offer for the SEN provision of its pupils. Personal budgets are allocated from the local authority's high needs funding block and Alexandra Park Primary School will continue to make SEN provision from its own budgets, even if a pupil has an EHC plan.

9. Local offer

Alexandra Park Primary School will cooperate generally with the local authority and local partners in the development and review of the local offer.

10. Identification

To identify pupils with SEND, Alexandra Park Primary School will:

- Assess each pupil's current skills and levels of attainment using a variety of assessments
- Make regular assessments of all pupils to ensure that the planned support and intervention is delivered will:
 - Ensure that the child's progress is similar to that of their peers starting from the same baseline.
 - Match or better the child's previous rate of progress.
 - Prevent the attainment gap growing wider.
- The school will provide extra support to pupils falling behind or making inadequate progress given their age and starting point.
- Where pupils continue to make inadequate progress, despite high-quality teaching targeted at their areas of concern, the school will collaborate with parents and may consult with external agencies to identify needs or to see if a specialist assessment is needed.

11. Graduated approach

Alexandra Park Primary School follow a graduated approach to meeting the pupil's needs, including:

- Establishing a clear collaborative assessment of the pupil's needs.
- Children's level of need being assessed and monitored before being escalated to SEN Support if required.

- Implementing the interventions, with support of the SEND lead
- Reviewing the effectiveness of the interventions and making any necessary revisions.

12. SEN Support

The support can be escalated and implemented through SEN Support where a pupil:

- Makes little or no progress when quality first teaching approaches are targeted specifically at a child's identified areas of weakness.
- Shows signs of difficulty in developing literacy or mathematical skills which result in poor attainment in some curriculum areas.
- Presents significant social and emotional and mental health difficulties which require enhanced pastoral support to access the curriculum and adhere to the school's behaviour policy.
- Has sensory or physical problems, and continues to make little or no progress despite the provision of specialist equipment.
- Has communication and / or interaction difficulties, and continues to make little or no progress, despite the provision of a differentiated curriculum.
- All children at SEN Support will have an individualised SEN Support plan which collates all their areas of concern and recognises their strengths. This plan is shared and reviewed with parents/carers and the child.

13. Children with more complex needs

The relevant teacher or SEND lead, in consultation with parents, will talk with the parents about seeking advice from external support services, if a pupil:

- Continues to make little or no progress in specific areas over a long period.
- Continues working at National Curriculum levels substantially below that expected of children of a similar age.
- Continues to have difficulty in developing literacy and mathematical skills.
- Has emotional or behavioural social and emotional mental health difficulties which substantially and regularly interfere with the child's own learning or that of the class group, despite having an individualised behaviour management programme.

- Has sensory or physical needs, and requires specialist equipment or regular advice or visits by a specialist service.
- Has an ongoing communication or interaction difficulty that impedes the development of social relationships and causes substantial barriers to learning.

14. Assessment

Alexandra Park Primary School will, in consultation with the pupil's parents, request a statutory assessment of SEND where the pupil's needs cannot be met through the resources normally available within the school.

The school will meet its duty to respond to any request for information relating to a statutory assessment, to the local authority, within 6 weeks of receipt.

If the decision is taken not to issue an EHC plan, the school will consider and implement the recommendations of feedback from the local authority, regarding how the pupil's outcomes can be met through the schools existing provision.

15. Education, Health and Care (EHC) plans

Alexandra Park Primary School will meet its duty to respond to the local authority within 15 days, if it is named on a pupil's EHC plan.

The school will ensure that all those teaching or working with a child named in an EHC plan, are aware of the pupil's needs and that arrangements are in place to meet them. The school will request a re-assessment of an EHC plan at least 6 months following an initial assessment, if a pupil's need significantly change.

16. Reviewing an EHC plan

Alexandra Park Primary School will ensure that it meets its duty to secure independent, impartial careers guidance for pupils aged 8-13, including:

- Preparation for adulthood in the planning meetings with pupils and parents/carers from year 6.
- Helping pupils and their families prepare for the change in legal status once a young person is over compulsory school age
- Ensuring that careers advice and information provides high aspirations and a wide range of options for pupils with SEND.
- Helping pupils and parents/carers understand and explore how the support they will receive in school will change as they move into different settings, and what support they are likely to need to achieve their ambitions.
- Securing access to independent face-to-face support for pupils with SEN or disabilities to make successful transitions.

19. SEND and wellbeing

At Alexandra Park we believe that – just like access to education – good wellbeing and social, emotional and mental health (SEMH) is an important right of every child. Our work around SEMH is an important element of our school vision not only because good mental health is vital in its own right, but we also recognise that this is especially important for our learners with SEND. See Wellbeing Policy for further information.

20. Transition

Many strategies are in place to enable a pupil's transition to be as smooth as possible. For EYFS, these include home visits and visits to school. For children transferring to High School, we liaise with schools in the first instance and arrange additional visits and meetings where appropriate. For transition between year groups, all pupils in school have transition sessions with their future class teacher during the summer term and there is dedicated staff meeting time for inclusion handovers. Additional transition reviews for children with a high level of need and EHCP can be arranged.

21. Data and record keeping

Alexandra Park Primary School will:

- Include details of SEND, outcomes, teaching strategies and the involvement of specialists, as part of its standard system to monitor the progress, behaviour and development of all pupils.
- Maintain an accurate and up-to-date register of the provision made for pupils with SEND.
- Record details of individualised SEND provision on each child's SEN Support Plan

21. Confidentiality
