

Alexandra Park News

Friday 8th November 2024

Dear parents and carers,

Another fantastic week full of great achievements by all our children. Thank you to everyone for coming in for parents' evening. I would also like to thank the teachers for the extra effort they go to to enable these meetings to happen. Enjoy your weekends

Assembly Focus

Next week, the KS2 Wellbeing and Anti-Bullying Ambassadors will be delivering an assembly about Remembrance Day and launching Anti-Bullying Week. They will also be running a session in each class on understanding bullying behaviour.

Star of the Week

In Monday's Values Assembly, we set the children the challenge of being the best version of themselves in one specific area, then asking them to see if this positive mindset helped them in all other areas. It has been great to see how well the children have done and to spend some time with the Stars of the Week.

Alexandra Park Parliament

This week we held our first Parliament meeting with representatives from our school councils. I was delighted and very impressed with how they articulated the views of the councils they represent. As a result of this meeting, we will be ordering new music trolleys to make getting instruments to classrooms easier. The sports and play leaders are working with a sports coach to improve playtimes and the Reading Council are visiting Simply Books to learn how to choose books for the other children

Year 5

This week, Year 5 have worked alongside Stockport County Football Club to create a piece of memorial art work for the upcoming Remembrance Day. They collaborated together to make two boards, which will be displayed outside Edgeley Park Stadium this weekend for Stockport County's home fixture against Bolton Wanderers. It would be great if you can go along to look at the children's wonderful work. Thank you

Reading Ambassadors - Visit to Simply Books

Following our recent reading council meeting, the Reading Ambassadors have this week visited Simply Books in Bramhall for leadership training and developing reading engagement in their classes. They conducted class surveys on book genres and worked together as a team to discuss and purchase a range of books for our class and school library. They considered the reading interests of their peers and curriculum topics. Furthermore, they also wanted to expose them to new authors and styles of writing. We are excited to share these books back in school!
